REMARKS

Reconsideration of the present application as amended is respectfully requested.

In the outstanding Office Action, the Examiner found that the application was in condition for allowance, except that the title of the invention was found not to be descriptive, and that each section of the specification should be preceded by a heading. Prosecution on the merits has been closed in accordance with *Ex parte* Quayle, 1935 C.D. 11, 453 O.G. 213.

Applicants gratefully acknowledge the Examiner's indication that this application contains allowable subject matter. By means of the present amendment, the title and specification have been amended in accordance with the Examiner's request. No new matter has been added.

In view of the above, it is respectfully submitted that the present application is in condition for allowance. A Notice of Allowance is earnestly solicited.

If any informalities remain, the Examiner is requested to telephone the undersigned in order to expedite allowance.
